KERMANSHAH SITUATION ANALYSIS

ONE OF THE MOST RECENT EXAMPLES OF THESE CATASTROPHIC IS THE ONE THAT HAPPENED IN KERMANSHAH, IRAN, COST THE LIVES AND LIVELIHOODS OF THOUSANDS OF PEOPLE. TODAY, 2 YEARS AFTER THE EARTHQUAKE IN KERMANSHAH MANY PEOPLE ARE STILL LIVING IN TEMPORARY CONTAINERS AND HAVEN'T BEEN ABLE TO RESUME THEIR ORDINARY DAY TO DAY LIVES.

HOPE

THE MOST IMPORTANT ISSUE TO CONSIDER IN DETAIL IS THE ISSUE OF HOPE AFTER THE ACCIDENT, WHICH IS A DIRECT RELATIONSHIP WITH HOUSING OR SERVICE ASSISTANCE AND THE OVERALL LEVEL OF COMFORT PROVIDED BY PUBLIC OR PRIVATE INSTITUTIONS, IF THIS COMPONENT DON'T WORRY, WE WILL KILL MANY PEOPLE IN CONNECTION WITH THIS ISSUE.

EDUCATION

THE SCHOOL, LIKE OTHER URBAN BUILDINGS, WILL COLLAPSE OR BE DESTROYED AT THIS TIME, SO IT WILL TAKE A LONG TIME, ACCORDING TO THE STATE BUDGET, TO REBUILD IT, DURING WHICH TIME THE GREATEST DAMAGE WILL BE DONE TO THE YOUNG AND CURRENT GENERATION. GROWTH WILL BE, TO COMPENSATE FOR A SERIES OF SOCIAL LOSSES THIS ISSUE IS CONSIDERED IN THE PLAN.

HELP NEEDED

LOOKING AT THE PAST, THE QUESTION ARISES: WHAT IS THE BASIC HUMAN NEED (INJURED PERSON) DURING AN EARTHQUAKE? THE APPROACH OF THIS ISSUE IN THIS PROJECT IS BASED ON THE ANALYSIS AND STRATEGY PROPOSED BY THE SERVICE PROVIDER.

KIDS PLAY

CHILDREN ARE NOT READY TO REACT TO SUCH AN EVENT UNTIL THEY ARE YOUNGER AND OLDER, AND THIS WILL INDICATE SERIOUS PSYCHOLOGICAL DAMAGE TO THESE CHILDREN, WHICH, IF NOT DONE WITH THE ENVIRONMENT AND FACILITIES AND PSYCHOLOGICAL HELP, WILL CAUSE HARM. IT WILL BE SERIOUS IN THE FUTURE.

REBUILDING

WELL, IT WILL TAKE TIME, EVEN IF HOUSING AND WELFARE SERVICES ARE PROVIDED. AFTER THAT, THE ISSUE FOR THE PEOPLE IS THE ISSUE OF REBUILDING AND RETURNING TO THEIR PREVIOUS HOME.

DEATH

ACCORDING TO THE HIGH NUMBER OF CASES PREDICTED IN THIS INCIDENT, THIS ISSUE SHOULD BE APPROACHED WITH A HOPEFUL APPROACH, BECAUSE NOT PAYING ATTENTION TO HUMAN SPIRITS AND SPIRITUAL NEEDS WILL CAUSE INTERFERENCE IN LIFE AND AS A RESULT WILL LEAD TO SUICIDE.
