

## GROUND FLOOR PLAN

The ground floor has the main entrance and a separate hotel entrance. Across the main entrance is a reception for the whole building. The west wing of the building acts as offices and toilets with disabled access. The north wing has the first part of the fishing industry exhibition, which continues on the first floor.

## ZONING MAP

## MATERIAL PALETTE

Materials present in the ground floor reception are hardwood panels, polished concrete, green marble detailing in reception wall, celadon green paint in reception desk and antique pink textiles in lounge area.
