

Artist's retreat

A relaxing, solitary, non-judgmental work environment where artists can reserve and stay to enhance their ideas and creativity which will be accommodated by spaces that allow their minds to wander freely causing them to be more open to their inner streams.

An urban landscape

Program of the building has been spread in to different volumes without creating a single massive expansion. Use of different volumes, cantilevers and setbacks remind the tensions and complexity of the urban landscape in Nugegoda.
