

Name: S.B. AMIRTHINE

**University: Crescent school of
architecture**

Project description:

CRESCENDO IS A CONTEMPORARY BEACHFRONT WEEKEND RESIDENCE DESIGNED TO CAPTURE THE RHYTHM, MOVEMENT, AND SERENITY OF THE OCEAN. INSPIRED BY THE FLUIDITY OF WATER AND THE GRADUAL RISE IN INTENSITY SUGGESTED BY THE TERM CRESCENDO, THE ARCHITECTURE EVOLVES THROUGH SWEEPING ORGANIC FORMS THAT CREATE A DYNAMIC YET TRANQUIL LIVING ENVIRONMENT. SITUATED ALONG THE COASTLINE, THE DESIGN RESPONDS TO ITS NATURAL CONTEXT BY MAXIMIZING BEACH VIEWS, NATURAL VENTILATION, AND DAYLIGHT PENETRATION. CURVED ARCHITECTURAL ELEMENTS MIMIC OCEAN WAVES, WHILE EXPANSIVE GLASS FAÇADES DISSOLVE THE BOUNDARY BETWEEN INDOOR AND OUTDOOR SPACES, ALLOWING RESIDENTS TO EXPERIENCE UNINTERRUPTED VISUAL CONNECTIONS WITH THE SURROUNDING LANDSCAPE.

TROPICAL Expressionism

LUXURY RESIDENCE CONCEPT

CONCEPT STATEMENT

Tropical Expressionism explores the harmony between nature, form, and emotion. Inspired by the fluidity of water and the vibrancy of the tropics, the design expresses movement through bold curves, organic lines, and expansive transparency.

It is a celebration of light, landscape, and luxury—creating a residence that is both expressive and serene, blurring the boundary between indoor comfort and outdoor beauty.

DESIGN FEATURES

-  **ORGANIC ARCHITECTURAL FORM**
Flowing curved geometry inspired by water currents and natural movement.
-  **MOSAIC TULIP PATTERN**
A custom mosaic tulip pattern adds artistic identity and cultural elegance.
-  **FLOATING STAIRCASE**
A floating staircase creates a sense of openness and sophistication.
-  **LARGE GLASS WINDOWS**
Expansive glazing brings in natural light and frames scenic views.
-  **INDOOR-OUTDOOR CONNECTION**
Seamless transition between interior living spaces and outdoor areas.

DESIGN INSPIRATION

- WATER FLOW**
The gentle movement of waves inspires fluidity and form.
- MOSAIC TULIP**
A symbol of beauty and elegance expressed in art.
- ORGANIC FORMS**
Nature's curves guide the architectural expression.
- GLASS & LIGHT**
Nature's curves and light create openness and sophistication.

DESIGN DEVELOPMENT

- CONCEPT SKETCH**
Initial exploration of flowing forms and spatial organization.
- FORM EXPLORATION**
Refining curves to respond to site, views, and sunlight.
- VOLUME DEVELOPMENT**
Defining levels, terraces, and spatial hierarchy.
- FINAL DESIGN**
The final form expresses flow, transparency, and harmony with nature.

MOSAIC TULIP DETAIL

A custom mosaic tulip pattern integrated as a signature element in the design.
