

USER EXPERIENCE JOURNEY

Reception

The reception serves as the welcoming arrival point, creating the first impression through efficient circulation, hospitality, and a strong music-inspired atmosphere.

Lobby

The lobby acts as the main arrival point, creating a strong first impression through open circulation, ambient lighting, and a welcoming hospitality atmosphere.

Vinyl wave listening cafe
A social interaction zone designed for relaxation, informal meetings, and guest engagement within a warm and music-inspired environment.

Music studio

A creative acoustic environment where guests can practice, record, or experience music, reinforcing the project's core concept of sound and artistic interaction.

Guest room

A private accommodation zone offering comfort, acoustic privacy, and compact efficiency, designed to provide a restful and immersive hospitality experience.

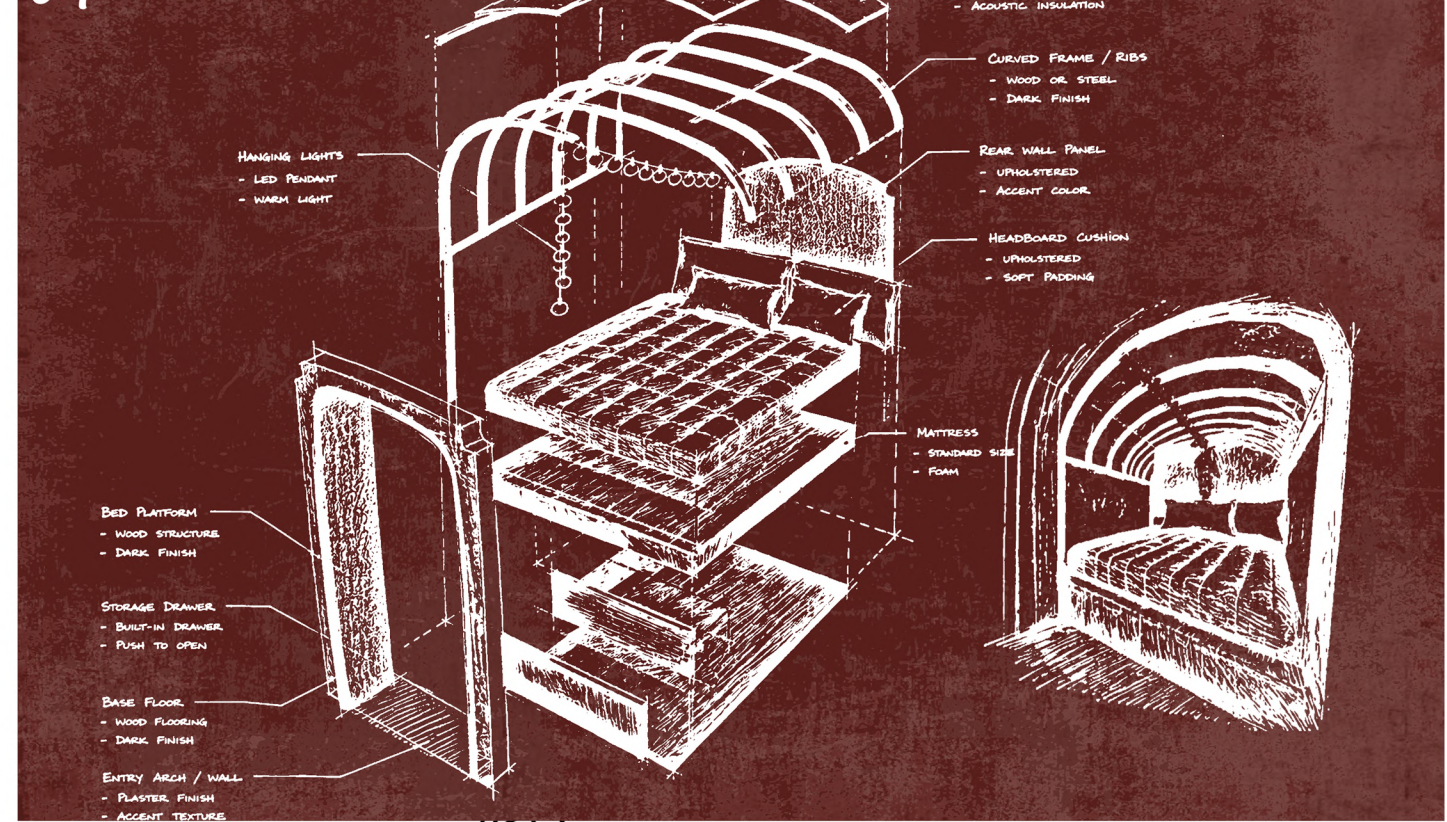

Gym

A dynamic wellness space designed to promote activity, movement, and balance through energetic lighting and bold geometric design features.
